

**SUBMITTAL TO THE BOARD OF SUPERVISORS  
COUNTY OF RIVERSIDE, STATE OF CALIFORNIA**

636

**FROM:** Transportation and Land Management Agency/Transportation Department      **SUBMITTAL DATE:** April 14, 2003

**SUBJECT:** Exercise the option of extending the Agreement Between the County of Riverside and Boyle Engineering Corporation.

**RECOMMENDED MOTION:** That the Board approve the option of extending the existing Engineering Services Agreement between the County of Riverside and Boyle Engineering Corporation, which extends the existing Agreement by one year.

**BACKGROUND:** In 1999, the County approved an Engineering Services Agreement with Boyle Engineering Corporation to provide contract plan check services. That Agreement was entered into for a term of three years, with the option to extend annually for two additional years. The Transportation Department recommends exercising the option to extend for the last year allowed under the original agreement. Development activity continues at a high level. The attached Amendment to the Agreement with Boyle Engineering Corporation will allow the Department to continue supplementing its in-house plan check services with the assistance of a private consultant.

Honorable Board of Supervisors

RE: Exercise the option of extending the Agreement between the County of Riverside and Boyle Engineering Corporation.

April 14, 2003

Page 2

In addition to this Amendment to the agreement between the County and Boyle Engineering Corporation, another similar Amendment is in process between the County and Willdan Associates, our other on-call plan check firm.

The total contract amount is proposed to remain \$750,000 annually. The fee rates will remain the same as under the current agreement extended last year by the Board.
