**Form 11 – Agreement with California Construction
Authority for Electrical Improvements at Fairgrounds
June 23, 2003
Page 2**

BACKGROUND: (Continued)

The California Construction Authority has provided design construction service to the Riverside County Fair on specific projects since July of 1990. This project, which will be the final phase of a three-part plan, consists of eliminating the remaining overhead wiring and electrical transformers followed by installing new modern equipment and underground wiring. (See attached map.)

The total cost of this project will be \$200,000.00.

The financing for project will be obtained from California Department of Food and Agriculture Division of Fairs and Expositions for \$100,000.00 and County Fair Funds for \$100,000.00.

The agreement between the County of Riverside and the California Construction Authority is not to exceed \$200,000.00 for the electrical upgrades. Staff is recommending a 10% contingency as a part of the project budget, which amounts to \$20,000.00.
