SUBMITTAL DATE: July 7, 2003

SUBJECT: Consultant Agreement with Converse Consultants to provide Construction Quality Assurance Services during the landslide slope repair at the Lamb Canyon Sanitary Landfill

RECOMMENDED MOTION: That the Board of Supervisors approve the consultant agreement with Converse Consultants to provide Construction Quality Assurance Services during the landslide slope repair at the Lamb Canyon Sanitary Landfill, and authorize the Chairman of the Board to execute the same.

BACKGROUND

The intense rainfall in March 2003 caused a landslide incident to occur on a portion of the slopes that support the existing landfill unit. A remedial plan to repair the failed portion of this slope has been prepared by GeoSyntec Consultants. This remedial plan requires the Department to provide continuous Construction Quality Assurance (CQA) by a qualified geotechnical professional during the removal and replacement of the landslide debris material. *(Continued)*
