3.2

Background: (Continued)

The current version of Ordinance 784 provides that one of the members of the Commission shall be “a representative of public safety responsible for the programs focusing on substance abuse prevention and early intervention for families at risk”. The Commission was fortunate to have Sheriff Doyle appointed to the Commission in December, 2003.

Sheriff Doyle tendered his resignation from the Commission leaving a vacancy on the Commission. This amendment revises the membership of the Commission to replace the public safety representative with “a representative of local government with a demonstrated focus on programs for prevention and early intervention for families at risk”.
