**SUBMITTAL TO THE FLOOD CONTROL AND WATER CONSERVATION DISTRICT BOARD
COUNTY OF RIVERSIDE, STATE OF CALIFORNIA**

FROM: General Manager-Chief Engineer

SUBMITTAL DATE:
April 20, 2004

SUBJECT: Contract Agreement - Support for Regional NPDES Program Activities

RECOMMENDED MOTION:

Approve the attached agreement between the District and the Community Health Agency, Department of Environmental Health (DEH); and authorize the Chairman to execute the agreement documents on behalf of the District.

BACKGROUND:

Since 1993, the Flood Control District, as part of its area-wide municipal stormwater management program, has provided funding to the DEH in support of its Household Hazardous Waste (HHW) collection and Anti-Freeze, Batteries, Oil and Latex Paint (ABOP) collection programs. In 1999, the NPDES program support services provided by DEH were expanded to include the commercial/industrial business Compliance Assistance Program (CAP). This agreement continues the existing funding arrangement for these programs through Fiscal Year 2008-2009.

BACKGROUND contd.:

The CAP conducts education and outreach to the commercial/industrial sector, providing information on stormwater best management practices, stormwater permitting requirements, and prohibitions against non-stormwater discharges. In addition, through stormwater surveys, feedback regarding the compliance status of commercial/industrial facilities will be provided to municipal stormwater permittees and the Regional Water Quality Control Boards.

These efforts will be performed in conjunction with existing facility inspection programs conducted by the DEH's Hazardous Materials Management Division and the District's Regulatory Division.

The agreement is necessary to reimburse the DEH for field services in support of the Countywide NPDES program.

This matter is also on the County's Board agenda this same date.

County Counsel has approved this agreement as to legal form.

FINANCIAL:

Funding for the HHW, ABOP and Compliance Assistance Programs will be provided by the District's annual NPDES Benefit Assessments levied in the Santa Ana, Santa Margarita and Whitewater Benefit Assessment Areas.
