The hourly rates for Environmental Health under Ordinance No. 671 were last revised in 2001, representing costs for the 2001-2002 Fiscal Year. The changes presented today reflect:

- The cumulative impact of salary and benefit increases. These rates have been reviewed by the Auditor Controller and are consistent with those approved by the Board for Environmental Health Service Fees under Riverside County Ordinance No. 640.8 on June 8, 2004.
- The elimination of rates for positions no longer involved in the development review process.

### **Overtime Rate**

The overtime rate is derived by adding the additional salary costs (50% of hourly pay) to the hourly billing rate.

### **FINANCIAL**

Based on activity levels during the 2003/2004 fiscal year, this revision will result in approximately \$11,000 in additional annual revenue to the Department.
