SUBMITTAL DATE: 2/24/2005

SUBJECT: Riverside County Water Conservation and Resource Management Task Force

RECOMMENDED MOTION: Support the Water Wise County Resolution

BACKGROUND: The Riverside County Water Task Force has adopted a set of policies that they are urging the County and all of the Cities to adopt. Water is our most precious resource and we must strive to preserve and protect our limited supply. To this end, I support the work of the task force and ask the Board to join me in proclaiming Riverside County a "Water Wise County."
