SUBMITTAL TO THE FLOOD CONTROL AND WATER CONSERVATION DISTRICT BOARD COUNTY OF RIVERSIDE, STATE OF CALIFORNIA

FROM: General Manager-Chief Engineer

SUBMITTAL DATE:
June 7, 2005

SUBJECT: Reject All Bids
Alessandro Dam Sediment Removal
Project No. 1-0-0043

RECOMMENDED MOTION:

The Board reject all public works contract bids received on April 28, 2005 for the Alessandro Dam Sediment Removal project and authorize the Clerk of the Board to re-advertise the project for public works contract bids.

BACKGROUND:

This project involves the removal of approximately 21,000 cubic yards of sediment behind the dam. The Board approved plans and specifications for the project and authorized the advertisement for public works contract bids on March 22, 2005. Six bids ranging from \$116,894.08 to \$352,420.00 were received on April 28, 2005. Upon review of the proposals, it was discovered that errors were made in the preparation of the proposals by each of the two low bidders. The errors are significant and constitute cause for rejection. Each of the remaining four bids are more than double the engineer's estimate of \$117,000.00.
