

**SUBMITTAL TO THE BOARD OF SUPERVISORS  
COUNTY OF RIVERSIDE, STATE OF CALIFORNIA**

727

**FROM:** TLMA-Transportation Department

**SUBMITTAL DATE:**

June 6, 2005

**SUBJECT:** First Amendment to the On-Call Land Surveying Services Agreement with the firm of Cozad & Fox, Inc.

**RECOMMENDED MOTION:** That the Board:

- 1) Approve the first Amendment to the Cozad & Fox, Inc., On-call Surveying Services Agreement, for FY 04/05 increasing the annual contract maximum amount to \$500,000; and
- 2) Authorize the Chairman of the Board to execute the same.

**BACKGROUND:** The Transportation Department needs additional Land Surveying support services to assist in the delivery of all the necessary road improvement projects identified, and funded in the Transportation Improvement Program (TIP). In addition to the currently identified and funded projects in the TIP, new projects continue to surface. The growth occurring in Riverside County continues to strain our road system and safety and additional capacity improvements have to be provided. The objective is to maintain the same level of high quality map checking, map preparation, and surveying services that County staff provides in the most cost effective manner possible.

In addition to the currently identified and funded projects in the TIP, additional DBF projects continue to surface. This amendment would increase the annual contract maximum to \$500,000 for FY 04/05, as well as subsequent years of this multi-year agreement. Thus, allowing Cozad and Fox, Inc. to furnish specific project-related tasks in support of County staff with the delivery of approved TIP projects and increasing DBF project demands.

The additional required funding for these services would come from the respective related project funds and development fees. All associated funds have been incorporated in the FY 04/05 Budget and are fully reimbursable by the related projects. There is no Net County cost associated with these services.

County Counsel has approved the first Amendment as to legal form.
