On August 1, 1991, the California Integrated Waste Management Board adopted new regulations governing the designation and certification of Local Solid Waste Management Enforcement Agencies (LEAs). The duties, procedures, and makeup of the panel are prescribed in Public Resources Code (PRC), Article 3, Section 44308 through 44310.

 Per Exec. Ofc.:

The purpose of the hearing panel is to conduct the required public hearings pursuant to Public Resources Code Section 44300 and Sections 44305 through 44310. The LEA may request the Hearing Panel convene to hold a public hearing to consider their denial to issue a solid waste facility permit or to suspend or revoke an existing solid waste facility's permit for violations of State laws and regulations. Any person aggrieved by such action(s) by the LEA may similarly request a hearing. The LEA may also be petitioned to review before the Hearing Panel an alleged failure of the Agency to act as required by law or regulation.

The Independent Hearing Panel must consist of three members. Not more than one can be a member or representative of the local governing body. At least one must be a technical expert with knowledge of solid waste management methods and technology and the remaining member must be a representative of the public at large. Effective September 2004, the PRC was amended lengthening the term of service. A member shall serve for a term of four years and may not serve more than two consecutive terms.

As members previously representing the Governing Body, Mr. Jim Venable is no longer in office and Mr. Ken Graff is no longer a member of Board staff. With today's recommended action, the Independent Hearing Panel will now consist of the following members.
