2 ORDINANCE NO. 413.30

3 AN ORDINANCE OF THE COUNTY OF RIVERSIDE
4 AMENDING ORDINANCE NO. 413
5 REGULATING VEHICLE PARKING

6 The Board of Supervisors of the County of Riverside do ordain as follows:

7 Section 1. Ordinance No. 413 is amended in its entirety to read as follows:

8 **Section 1.1 FINDINGS.**

9 Upon review of the current Ordinance 413 related to parking restrictions, the
10 following actions are determined necessary:

11 **A. Remove the listing of Restricted Parking Zones**

12 Many of the zones listed in Ordinance 413 have either been annexed into city
13 limits or are no longer necessary. Currently, restricted parking zones are
14 approved by the Board of Supervisors by resolutions. Any restricted parking
15 zones that are still valid will be retained.

16 **B. Include clarification of 72-hour parking restriction**

17 Currently, Ordinance 413 prohibits the parking or standing of a vehicle or trailer
18 on a county highway for more than 72 hours, which is consistent with the
19 provisions in the California Vehicle Code. However, to circumvent this restriction,
20 many individuals would move the vehicle or trailer by a short distance prior to the
21 expiration of the 72-hour limit, or after it is tagged by enforcement personnel, and
22 essentially park at the same location continuously. Many complaints have been
23 received regarding this situation from residents.
24
25

1 It is proposed that moving a vehicle or trailer to a new location on a county
2 highway within a radius of 500 feet from the original location after the vehicle is
3 tagged, with the intent to circumvent the 72-hour limit, would constitute parking or
4 left-standing a vehicle or trailer at the same location. This will help enforcement
5 personnel uphold the intent of the restrictions and make this law more effective.

6 **C. Include short-term parking zone (Green Curb)**

7
8 Currently, Ordinance 413 does not include provisions for painting curb green for
9 short-term parking, which is allowed by the Manual On Uniform Traffic Control
10 Devices and the California Vehicle Code (Section 21458). Green zone is
11 beneficial to encourage high turn-over rate on curbside parking adjacent to retail
12 businesses.

13 **D. Include parking prohibition for curbside community mailboxes**

14 Many new residential subdivisions utilize community mailboxes and residents
15 have requested keeping the curbside in front of the mailboxes clear. It is
16 proposed that parking be prohibited within 15 feet of community mailboxes to
17 facilitate the delivery of mail by mail carriers and the pick-up of mail by residents.

18 **E. Include parking restrictions for commercial vehicles in residential**
19 **districts**

20
21 Currently, Ordinance 413 has provisions for commercial vehicle parking
22 restrictions for residential areas upon request by residents. Such requests are
23 approved by the Board of Supervisors for a specific area by resolution. With the
24 increase in the use of big-rig trucks, more and more residents desire prohibitions
25 of parking of large commercial vehicles in residential areas. It is proposed that

1 parking of commercial vehicles with a gross vehicle weight rating of more than
2 10,000 pounds in residential areas be prohibited.

3 **F. Include parking restrictions for recreation vehicles on county roads**
4 **in residential areas**

5 Currently, the county has no provisions in restricting parking of recreation
6 vehicles such as motor homes, campers or trailers on county roads. Such
7 restriction is desired by many residents and would be beneficial in maintaining
8 the livability of residential areas.

9
10 **G. Include provision to delegate authorities on establishing restricted**
11 **parking zones and loading zones to the Director of Transportation**

12 This provision will streamline the administrative procedures in establishing
13 restricted parking zones on county highways. This will help county staff respond
14 to public requests on regulating parking on county highways in an expeditious
15 manner.
