**SUBJECT:** Approve the First Amendment to the Agreement between Humberto Ochoa, M.D. and the Community Health Agency, Emergency Medical Services Agency (DPH02K.104)

**BACKGROUND continued:** The California Health and Safety Code Division 2.5, Section 1797.202 and the California Code of Regulations, Section 100175, require every local EMS agency to obtain a full or part-time licensed physician as Medical Director for the purpose of providing medical control and to assure medical accountability throughout the planning, implementation and evaluation of the EMS system.

The Medical Director also issues certifications, re-certifications, accreditations, and re-accreditations to EMTs and Paramedics respectively.

Dr. Ochoa has been the Medical Director since 1992. Thus he has extensive knowledge of County policies and procedures. During his tenure, he has participated in many EMS studies and committees. He is familiar with and has developed an affirmative relationship with key personnel within the Riverside County EMS community.
