SUBJECT: El Sobrante Landfill – Citizen Oversight Committee (COC) Report

RECOMMENDED MOTION:

1. **Receive and file** COC report on traffic issues in Temescal Valley Area and local mitigation fund;
2. **Approve** COC recommendation to utilize the \$150,000 Local Mitigation Fund on County efforts to cleanup illegal dumping in Temescal Valley area along I-15 corridor from El Cerrito Road south to Lake Street;
3. **Authorize** COC to solicit proposal(s) from Economic Development Agency and Code Enforcement to develop illegal dumping program in Temescal Valley area; and,
4. **Direct** COC to bring back final illegal dumping program for Board authorization.

BACKGROUND: On January 13, 2004, the Riverside County Board of Supervisors (BOS) heard Item 12.2 on the El Sobrante Landfill (Report on Status of Citizens Oversight Committee) and approved Staff-recommended motions to receive and file the report on the El Sobrante Landfill Citizens Oversight Committee (COC) and to require that the COC report back to the BOS with a list of recommended local mitigation projects. An additional outcome of this meeting, and the result of a presentation by COC members on traffic issues in the Temescal Valley/I-15 corridor, was that the BOS recommended that the COC give further consideration of peak hour traffic in the area of the El Sobrante Landfill.

The COC has prepared the attached report to address these issues. Based on the attached report, it is the recommendation of the COC to utilize the entire Local Mitigation Fund, which totals \$150,000 plus interest, on efforts being spearheaded by the County to reduce and/or eliminate illegal dumping in the Temescal Valley area along I-15 corridor from El Cerrito Road south to Lake Street. The COC is requesting that the Board of Supervisors support the use of the mitigation fund for this proposed purpose and allow the COC to solicit a proposal(s) from the Economic Development Agency and Code Enforcement to develop an illegal dumping program for the Temescal Valley area that incorporates such measures as the purchase of surveillance camera equipment, a publicity/advertising promotion, and signage.

In addition, it is the consensus of the COC that they are in concurrence with the findings of URS, consultant to Waste Management Inc., compiled in a report, dated July 26, 2004, which concludes that the contribution of the El Sobrante Landfill truck traffic is not significant along the I-15 corridor, in terms of total truck volume and in terms of peak hour traffic. As noted in the attached COC report, however, the COC continues to be concerned about truck traffic and congestion in the Temescal Valley area along the I-15. To that extent, the COC wants to be on record as supporting and encouraging all County efforts to alleviate congestion, from the development of truck lanes to fast tracking the extension of Temescal Canyon Road.

SUBJECT: El Sobrante Landfill – Report on Status of Citizens Oversight Committee

RECOMMENDED MOTION: That the Board of Supervisors:

1. Receive and file the report on the El Sobrante Landfill Citizens Oversight Committee (COC);
2. Provide the COC guidance on potential local mitigation projects in areas surrounding the landfill, for which \$150,000 has been placed in a trust account.
3. Direct the COC to report back to the Board with a list of recommended local mitigation projects for funding consideration.

BACKGROUND: As stipulated in the Conditions of Approval of the Second El Sobrante Land Agreement and Section 13 of the Agreement, the Administrative Review Committee (ARC) is comprised representatives from the Waste Management Department, Executive Office and Planning Department. The ARC reviewed the El Sobrante Landfill Annual Status Report, dated March 2003, and submitted it to Board of Supervisors for Receive and File on July 1, 2003 and to the Citizens Oversight Committee (COC) for review on July 14, 2003. The COC, which was formed in 2003, is comprised of five members, three appointed by the 1st District Supervisor (in which District the El Sobrante Landfill is located) and two large members appointed by the Board. *(continued)*

F11 – El Sobrante Landfill – Report on Status of Citizens Oversight Committee

January 6, 2004

Page 2

The ARC, which is required to work closely with the COC to solicit and consider input received as part of the Annual Status Report review, helped facilitate the two meetings held by the COC on September 19, 2003 and November 13, 2003, along with support from various County staff. This report is meant to update the Board with the input provided by the COC and the resulting recommendations/considerations by staff.

As stated in the El Sobrante Agreement, the COC is tasked with submitting written comments to the Board on the El Sobrante Annual Report, the landfill project, and recommending appropriate local mitigation projects in areas surrounding the landfill, for which \$150,000 has been placed in a trust account. This report is not intended to supplant the COC's ability to submit written comments directly to the Board, but rather to provide the Board with an opportunity to solicit staff input and provide formal direction on any comments made by the COC at their September 19, 2003 and November 13, 2003 meetings.
