Form 11: Approval to Reimburse the County of San Bernardino for Search and Rescue Operations Provided from July 31, 2004 through August 8, 2004

In addition, Government Code §26614.5 stipulates that "The county or city and county of residence of a person searched for or rescued by the sheriff under the authority of Section **26614** shall pay to the county or city and county conducting such search or rescue, in any case where the expenses thereof exceed one hundred dollars (\$100), all of the reasonable expenses in excess of one hundred dollars (\$100) of such search or rescue within 30 days after the submission of a claim therefore by the county or city and county conducting the search or rescue and the county or city and county conducting the search or rescue shall bear the remaining expense. "

Based on the above provisions, the County of Riverside is responsible for paying the extraordinary expenses incurred for the search and rescue operations for the child. Fifty-three percent of these expenses were related to helicopter services. The Riverside County Sheriff seeks reimbursements when similar search and rescue operations are performed for other counties. A budget adjustment is needed to cover an unplanned expenditure for the Patrol budget unit.
