COUNTY OF RIVERSIDE

PROCLAMATION

WHEREAS, California's unique dry climate and topography lend themselves to wildfire conditions; and

WHEREAS, although fire plays a key role in ensuring the continued health of our natural resources, environment and ecosystems, it can also have a devastating effect on our homes and communities; and

WHEREAS, with more people living, working and recreating near wildland areas, there is an increased risk of fire hazards; and

WHEREAS, California's fire agencies work to suppress fires and support proactive, community-based efforts to reduce fire hazards; and

WHEREAS, Californians have a clear choice in making fire safe decisions by building with fire resistant materials, maintaining fire resistant landscaping and providing adequate clearance around their homes, and by being active in fire safety in the community and reporting suspicious activity which helps reduce loss of life and property while protecting our precious natural resources; and

WHEREAS, Wildfire Awareness Week is an important opportunity for California's fire agencies and communities to reduce the risk of wildfire and fire hazards, and increase public safety and environmental health.

NOW, THEREFORE, BE IT RESOLVED THAT THE BOARD OF SUPERVISORS, County of Riverside, State of California, do hereby proclaim May 9-16, 2005 as "Wildfire Awareness Week" in Riverside County, and encourage the citizens of Riverside County to be involved in the fire safety of their homes and communities.
