

**SUBMITTAL TO THE BOARD OF SUPERVISORS  
COUNTY OF RIVERSIDE, STATE OF CALIFORNIA**

128

**FROM:** TLMA/Building & Safety

**SUBMITTAL DATE:**  
May 23, 2006

**SUBJECT:** Request for Approval of Fixed Asset Purchase of Computer Server Hardware & Software

**RECOMMENDED MOTION:** That the Board of Supervisors Approve the Fixed Asset Purchase of a Computer Server System for the Building and Safety Department.

**BACKGROUND:** Over the last twenty years numerous department computer applications have been written in a DOS based programming language which is not compatible with MS Windows. These small and medium sized applications require special modifications to make them work with each new upgrade to new computer hardware and operating systems and don't function efficiently. The Department has hired a contract programmer to convert many of these programs to a modern MS Windows compatible programming language. This requested server is needed to host these programs so they are available to our regional and satellite offices. The estimated cost for the server is \$38,000 and is currently in the FY05/06 Budget and there is no budget adjustment necessary. Procurement will be through standard awarded vendors. Building permit fees and deposits will pay for 100% of the cost.

Departmental Concurrence

James J. Miller, Director of Building and Safety

<b>FINANCIAL DATA</b>	Current F.Y. Total Cost:	\$ 38000	In Current Year Budget:	Yes
	Current F.Y. Net County Cost:	\$ 0	Budget Adjustment:	No
