Subject: Ratify Agreement #07-9324 OP between the Riverside County Community Health Agency Disease Control Branch and the Riverside County Children and Families Commission (First 5 Riverside) for the Healthy Children Connection Program.

Page 2 of 2

**BACKGROUND:** (Continued)

The Riverside County Community Health Agency Department of Public Health has been awarded a contract extension in the amount of \$699,323 from the Riverside County Children and Families Commission to continue the Healthy Children Connection program through December 31, 2006.

The Healthy Children Connection is a collaborative partnership with Jurupa Unified School District, Catholic Charities and Valley Health System and the Department of Public Health. Our partners recruit and train volunteers to do outreach in their community, to disseminate information promoting early entry into prenatal care and timely immunizations of children 5 years of age and younger, and to assist clients to enroll in programs for which they are eligible (i.e., Healthy Families, Medi-Cal, WIC, TANF, etc). Health issues are referred to a Public Health Nurse for case management through home visitation. Four PHNs and four HSAs offer home visitation/case management services to clients that voluntarily enroll in the HCC program in all districts of Riverside County. In addition, 1.5 RN Health Educators work to improve provider immunization practice through immunization updates, quality assurance reviews of vaccine storage and handling, and immunization record audits of children 2 years of age.

In collaboration with other public and private community partners, the HCC program strives to improve the health of young children and their families with the goal of improving their ability to learn and overall quality of life.

This amendment has been approved as to form by County Counsel.
