Page 2 of 2

Upon review of the bid proposals, staff noticed apparent problems with the electrical subcontractor's bids, which is a key component of this project. Staff consulted with County Counsel regarding the concerns and is recommending rejection of all bid proposals and re-advertising, as it is believed to be in the best interest of the Department. County Counsel concurs in staff's recommendation.

All bid documents will remain unchanged during the re-advertising process with the exception of the Notice to Bidders, which changes dates to reflect the new bid schedule. The Engineer's revised estimate for this project is \$1,300,000 which has been updated based on new quotes received from utilities vendors for the pertinent bid items of the contracted work. This project is budgeted for in fiscal year 06-07 in Fund 40200, Department ID – 4500100000.
