DATE: August 29, 2006

SUBJECT: Fourth District use of Community Improvement Funds

PAGE: 2

BACKGROUND:

The 2-1-1 System for Riverside County benefits residents who are in need of social services but do not know how to access resources are available.

Since the launch of 2-1-1 Riverside County, the capacity level has increased. I am pleased with the efforts to raise awareness to the public.

The database of service providers has increased dramatically making it a more effective tool. Residents are able to get information about a variety of services at one central location from trained staff.

We would like to use Fourth District Community Improvement funds to assist this organization in continuing their plan to "become the automatic phone call for intervention, advice, and guidance in time of personal or national crisis."
