RE: Storm Damage Repairs, Reconstruction of portions of Scott Road, from Antelope Road to Ashford Lane, Menifee area

October 6, 2006

Page 2 of 2

By Minute Order dated July 11, 2006 (agenda item 3.70) the Board authorized the Clerk of the Board to advertise for the repair of portions of Scott Road, from Antelope Road to Ashford Lane in the Menifee area of Riverside County. Bids for the project were opened in the office of the Director of Transportation at 2:00 pm, Wednesday, August 16, 2006. Two bids were received. The lowest and best bid was submitted by Palomar Grading and Paving, Inc. in the amount of \$946,525.75. The bid is \$244,947.50 (34.91%) more than the Engineer's Estimate. The contractor is qualified.

Bids exceeded the engineer's estimate due to higher than expected bid prices for certain items of work, mainly asphalt concrete. Review of the bids indicates that it is not likely that lower bids would be received should this project be re-bid.

A strategy for funding this and other storm damage projects was approved by your Board on May 9, 2006 (agenda item no. 3.26) in order to expedite the repair of storm damage. The Transportation Department is in the process of submitting a request to the Federal Highway Administration for additional funding for this project. The funding shown in the Proposed Budget column on Attachment "A" reflects the amounts currently approved from the respective sources based on review of the original funding requests by the funding agencies.
