

**SUBMITTAL TO THE BOARD OF SUPERVISORS
COUNTY OF RIVERSIDE, STATE OF CALIFORNIA**

363

FROM: Community Health Agency/Department of Public Health

SUBMITTAL DATE:

August 28, 2006

SUBJECT: Ordinance No. 734.9 Amending Ordinance No. 734.8, an Ordinance of the County of Riverside Establishing Fees, Charges, and Rates for County Public Health Services and Supplies.

RECOMMENDED MOTION:

- 1.) That the Board of Supervisors introduce and set for a public hearing adoption of Ordinance No. 734.9
- 2.) That at the close of the public hearing, the Board of Supervisor adopt Ordinance No. 734.9

BACKGROUND: In March 1994 the Board adopted Ordinance 734, Public Health Services and Supplies Fee and Charges, establishing County Public Health fees, charges and rates. The last update to Ordinance 734 was in December 2005 with Board adoption of Ordinance 734.8. As a result of budget actions at the state level, increases in employee salaries/benefits, increased pricing due to the Consumer Price Index (CPI), changes in contracts, the addition/deletion of services and changes in allowable reimbursement rates from third party payers, we are submitting Ordinance 734.9 to reflect the commensurate and applicable changes to the Department of Public Health fee schedule.

This update includes new, revised, and deleted fees. New fees have been calculated to offset the actual cost of providing the service/product, or set at a rate used in the healthcare industry as a factor of the Medi-Cal maximum allowable charge. Many of the fees in the ordinance have not changed; however, further explanation of those that did change is provided as follows:

a. The Media Production Unit proposes a fee increase due to growing overhead and costs associated with operating the Media Production Unit, and the Agency overhead costs associated with salaries and benefits. The other proposed increases are for the use of Media Production Unit equipment and contracted outside crew and talent. The increases we proposed do not exceed rates charged for equivalent services in the private sector.

b. California Children's Services (CCS) has updated its fee information to coincide with the new range based on 2006 State CCS Fee Guidelines.

c. Nutrition has implemented the Healthy You and Me programs (per series, four (4) 1-hour sessions) totaling \$140 and the Community Education Presentation costs totaling \$80. These rates are based on the Rand cost analysis and similar programs operating in Los Angeles. The other increases in fees are justified by re-evaluating costs associated with conducting nutrition services and home visits.

d. Vital Records has updated its fees based on the Vital Statistics Fee Schedule set by the California Department of Health Services (DHS) effective January 1, 2006.

e. Industrial Hygiene completed a Cost study analysis, the proposed fees are requested.

f. Public Health Laboratory Test for HIV Confirmation (Western Blot) this has been set at \$34.50 based upon reagent cost, staff time and Medi-Cal reimbursement rate and QuantiFeron-TB is currently piloting. We plan to offer it at our cost so as to encourage it's utilization throughout the community. The cost per test for reagents is \$16 and the remaining cost is laboratory staff time. Parasitology FA is to cover the cost of reagents and staff time required to perform this test.

g. Clinic Management proposes an increase of the minimum ATP charge to maintain parity with the Neighboring Agencies who provide similar services.

Fees for FQHC Visit increased from \$310 to \$330 due to the 3% annual increase on the FQHC rate.

This update has been approved as to form by County Counsel.

PUB HLTH-LABORATORY

Parasitology FA raised to cover the cost of reagents and staff time required to perform this test.

Added Tests:

HIV Confirmation (Western Blot) This test was on our previous fee schedule, but was omitted from the last schedule revision. It has previously been set at \$34.50 based upon reagent costs, staff time, and MediCal reimbursement rate.

QuantiFeron-TB This is a new test we are currently piloting. We plan to offer it at our cost so as to encourage it's utilization throughout the community. The cost per test for reagents is \$16.00 and the remaining cost is laboratory staff time.

Subject: Fee Ordinance - FQHC Visits

Per the attached discussion with Carley, Clinic Management is requesting that you change the proposed fee for all the FQHC Visits (on my copy they appear on pp10 - 12) from \$310 to \$330. The justification is that "We receive a 3% increase annually on the FQHC rate."

Please let me know if you have any questions, or if this change cannot be incorporated.
Thanks.
