COUNTY OF RIVERSIDE

Department staff has reviewed the submitted bids and determined that the difference between the engineer's estimate amount and Road Builders' submitted bid price is due mainly to the substantial increase of fuel cost as well as the price for some of the construction material that will be used in large quantities in this project. The Department has also determined that Road Builders, Inc. has the necessary experience and capability to construct the project, and County Counsel has determined that the bid documents are in order. A summary of the bids is attached herewith.

This project is budgeted in Fund 40200, Department ID - 4500100000. There is sufficient Capital Asset budget at this time to cover the cost of the project.
