FROM: Community Health Agency/Environmental Health

SUBMITTAL DATE:

SUBJECT: Revised Contract for Vector Control Services to the City of Murrieta

RECOMMENDED MOTION: That the Board approve the attached revised contract between the Department of Environmental Health and the City of Murrieta.

BACKGROUND: The Riverside County Department of Environmental Health has been providing vector control services to the City of Murrieta through an established Agreement since 1992. This revised contract would allow our Department to receive requests for vector control services directly from the public without prior approval from the City. The City has requested this revision in order to be more pro-active to the needs of the community. The City will provide full reimbursement for our time and costs. The City's current budget for vector control services is not to exceed \$15,000. This agreement has an effective date of November 1st, 2006 through October 31, 2007.
