SUBJECT: Contract Agreement with the Volunteer Center of Riverside County to provide 2-1-1 services for DPSS Programs.

BACKGROUND:

The Volunteer Center of Riverside County is a non-profit organization that provides telephone information and referral services. DPSS wishes to continue its support to the Volunteer Center of Riverside County.

2-1-1 Riverside County was launched by the Volunteer Center of Riverside County on July 1, 2005 to link people with the information about community resources to meet their health and human service needs. The California Public Utilities commission ruled in August 2004, that the Volunteer Center of Riverside County was designated as the sole 2-1-1 provider for this county.

Information is power and 2-1-1 continues to link the residents of Riverside County with the power to find solutions and get help. A comprehensive 2-1-1 service provides information and referral about all types of community services and resources, spanning all demographic groups within the geographic area being served.

2-1-1 has continued to connect our DPSS clients to various resources such as ensuring that our children have access to proper housing, nutrition and health care so that they can succeed in school; aiding our senior citizens to locate and pay for prescription drugs so that they maintain active lives; and assist our social workers to connect the victims of domestic violence with groups that provide shelter so they can leave their violent situations.

Through this continuation of support, the Volunteer Center of Riverside County will reciprocate client level statistical information to all DPSS supported programs.

FINANCIAL DATA:

This Agreement shall allocate \$70,000 for the period of July 1, 2006 through June 30, 2007 and shall allocate \$70,000 for a renewal period of July 1, 2007 through June 30, 2008.
