BACKGROUND:

The Coachella Valley's Eastern Riverside County's Health Assessment Resource Center (HARC) is a collaboration of over 35 community partners. The center will provide comprehensive, timely, objective and scientifically collected and analyzed data for organizations to use in their own strategic planning, business development and needs assessment processes.

HARC will become an ongoing contributor to the quality of life for residents in the Coachella Valley. They will provide focus groups and educational resources to community organizations that require collection and analysis of data.

We would like to use Fourth District Community Improvement funds to assist this collaborative effort.
