BACKGROUND:

operated and maintained by the District and Transportation. The Agreement is necessary to formalize the transfer of necessary rights of way and to provide for District construction inspection and maintenance of the referenced drainage facilities associated with Tract No. 31643-1.

Upon completion of construction, the District will assume ownership, operation and maintenance of the principal storm drain facilities. Transportation will assume ownership, operation and maintenance of the facilities' associated catch basins, connector pipes and laterals located within its rights of way. County Counsel has approved the Agreement as to legal form and the Developer has executed the Agreement. This matter is also on the County's Board Agenda (Transportation) for approval this same date.

The Developer is funding all construction and construction inspection costs. Future operation and maintenance costs will accrue to the District.
