SUBJECT: Santa Ana River Trail – Hidden Valley Segment Construction -

Two supporting projects include: the Phase II park shelters and restrooms development; and the Phase III interpretive boardwalk , which will follow this project within a month. The final supporting Phase IV trail bridge will bid in the late spring.

An independent cost estimate submitted to the Park District anticipated total project costs for Phase I to be \$3,480,000; however, the actual project costs will not be known until construction bids are opened. The construction period for Phase I of the project is approximately 90 days.

The Office of County Counsel has reviewed and approved Phase I documents as to legal form.
