**SUBMITTAL TO THE BOARD OF SUPERVISORS
COUNTY OF RIVERSIDE, STATE OF CALIFORNIA**

FROM: EXECUTIVE OFFICE

SUBMITTAL DATE:
November 27, 2006

SUBJECT: Annual Mitigation Fee Report for Fiscal Year 2005-06

RECOMMENDED MOTION: That the Board of Supervisors:

1. Schedule for public hearing the Annual Mitigation Fee Report to receive public comment;
2. Direct the Clerk of the Board to advertise said public hearing for January 9, 2007 at the hour of 9:30 a.m.; and,
3. Receive and File the Annual Mitigation Fee Report at the conclusion of the hearing.

BACKGROUND: The attached Annual Mitigation Fee Report is submitted pursuant to the statutory requirements of California Government Code 66006(b)(1), amendment effective January 1, 1997. The code requires all local agencies having established mitigation fees to prepare an annual report summarizing development mitigation account and funding information. Section 66006(b)(2) requires that the local agency review the information at its next regularly scheduled meeting not less than fifteen days after the report is made available to the public.

Agenda Number:

2.1

This report includes all the fiscal activity, such as expenditures, receipts and refunds that occurred during the 2005-06 fiscal year. The Signal Mitigation Fees were increased in line with the publicly-published Construction Cost Index and the percentage of increase to the fees is included within the annual report. In addition, the Developer Agreement Fees were increased in line with the publicly-published Consumer Price Index, and the percentage of increase is included within this report. On June 23, 2004, Ordinance 810.1, the Interim Open Space Mitigation Fee, was superseded by Ordinance 810.2, which is now the responsibility of the Regional Conservation Authority. The remainder of the Ordinance 810.1 fees will be reported annually until said funds are depleted.

The Annual Mitigation Fee Report contains information on the following fees:

- Development Mitigation Fee
- Jurupa Community Plan Mitigation Fee
- Development Impact Fee
- Interim Open Space Mitigation Fees
- Developer Agreement Fee
- Road/Bridge Benefit District Fee
- Signal Mitigation Fee
- Fire Department Mitigation Fee

**ANNUAL REPORT FOR DEVELOPMENT MITIGATION FEES (DM)
FY 2005/2006**

Brief Description of Fee

In July 1988, the Board of Supervisors adopted Ordinance No. 659 establishing a county-wide (unincorporated area only) development mitigation fee for residential development. The purpose of this fee was to finance the construction of county facilities necessary to accommodate future residential growth in the county. Fee revenues were also used for the procurement of parklands and the development of recreational trails. Development mitigation fees are no longer collected and have been superseded with the passage of Ordinance 659.6, development impact fees.

Amount of the Fee

Fees are no longer collected for Ordinance 659.5.

Detailed Procedures of the Duties and Responsibility of each County Staff Member Necessary to implement Ordinance 659.5

As stated above, fees are no longer collected for Ordinance 659.5. For remaining unspent Ordinance 659.5 funds, a Senior Management Analyst within the Executive Office is responsible for the accounting and disbursement of Ordinance 659.5 funds. The analyst verifies the fund balance against the monthly financial reports or through electronic query reports available within the county's financial system. Administration and disbursement of the monthly financial reports are overseen by the County of Riverside Auditor-Controller Department.

An authorization for use of funds is generated through Board agenda submittal and approved by the County of Riverside Board of Supervisors. The analyst coordinates payment made through the financial system by the Executive Office accounting staff. After review for appropriateness of payment, the accounts payable staff within the County of Riverside Auditor-Controller Department releases the check for payment.

**ANNUAL REPORT FOR JURUPA COMMUNITY PLAN DEVELOPMENT
MITIGATION FEE
FY 2005/2006**

Brief Description of Fee

On December 17, 1991, the Board of Supervisors established the Jurupa Law Enforcement Mitigation Fee to finance a new Northwest Sheriff Station. On April 1, 1997, the Board of Supervisors authorized the County of Riverside Redevelopment Agency to advance the funds to construct the station and to be reimbursed by the Jurupa Community Plan Development Mitigation Fee.

Amount of the Fee

Fees are \$100 per residential unit.

Detailed Procedures of the Duties and Responsibility of each County Staff Member Necessary to implement the Jurupa Community Plan Development Mitigation Fee

A Senior Management Analyst within the Executive Office is responsible for the accounting and disbursement of Jurupa Community Plan Development Mitigation Fees. The analyst verifies the fund balance against the monthly financial reports or through electronic query reports available within the county's financial system. Administration and disbursement of the monthly financial reports are overseen by the County of Riverside Auditor-Controller Department.

The analyst coordinates the transfer of funds to the Redevelopment Agency for the County of Riverside, and is facilitated through the use of the financial system by the Executive Office accounting staff. After review for appropriateness of payment, the accounts payable staff within the County of Riverside Auditor-Controller Department authorizes the transfer of funds.

DEVELOPMENT IMPACT FEES

**ANNUAL REPORT FOR DEVELOPMENT IMPACT FEES (DIF)
FY 2005/2006**

Brief Description of Fee

The Development Impact Fees (DIF) program was adopted as Ordinance 659.6 on September 11, 2001, which became effective sixty (60) days after the adoption. DIF are collected and used to address impacts caused by new development. Fee revenue is to be used towards facilities and open space identified on the Public Facilities Needs List to the Year 2010.

Amount of the Fee

Please see Exhibit A for a listing of the current fees.

Detailed Procedures of the Duties and Responsibility of each County Staff Member Necessary to implement Ordinance 659.6

The Development Impact Fee may be imposed as a condition of approval after an application for a building permit has been received by the Transportation and Land Management Agency (TLMA) for construction within the County of Riverside. This condition of approval is dependent upon the type of building permit requested and the area where the project site is located. A Land Use Technician at TLMA will identify the need to impose the condition of approval by utilizing the Geographic Information System. The condition of approval is attached to the building permit in the Land Management System. This prevents a final inspection from occurring without the fees being collected. Prior to requesting a final inspection, the applicant must submit payment to the TLMA cashier. The final inspection may occur once the fee has been collected from the permit applicant and any other applicable fees and conditions have been met.

An Administrative Manager at TLMA is responsible for the overall policy and implementation of the Development Impact Fee (DIF) program. The position also periodically audits the fee collection and deposits to ensure that procedures are done correctly, and administers system maintenance to ensure the proper fees are assessed.

TLMA processes a deposit into the appropriate DIF fund(s) after the fee has been paid. The record of deposit is sent to a Senior Management Analyst within the County of Riverside Executive Office. The County of Riverside Executive Office is responsible for the accounting and disbursement of fees collected. The analyst verifies deposits against the monthly financial reports or through electronic query reports now available within the county's financial system. Administration and disbursement of the official monthly reports are overseen by the County of Riverside Auditor-Controller Department. Deposits are verified to ensure the proper recording of cash receipts.

Disbursement from the DIF funds can only be used for those projects or facilities identified through the Public Facilities Needs List to the Year 2010. An authorization to disburse from the DIF funds is generated through Board agenda submittal and approval by the County of Riverside Board of Supervisors. Once authorization has been received, the analyst coordinates with the requesting department to verify where and when payment should be made. Direction to make payment is given to the Executive Office accounting staff by the analyst per Board of Supervisors direction. Payment is made through the financial system by the Executive Office accounting staff. After review for appropriateness of payment, the accounts payable staff within the County of Riverside Auditor-Controller Department releases the check for payment.

EXHIBIT A

The DIF amounts assessed during FY 2005-06 within each Area Plan are comprised of the following components:

<u>1-Jurupa Area Plan</u>	Single Family Residential (\$ per dwelling unit)	Multi-Family Residential (\$ per dwelling unit)	Commercial (\$ per acre)	Industrial (\$ per acre)

SUMMARIZING ORDINANCE 810.1
INTERIM OPEN SPACE MITIGATION FEES**

**ANNUAL REPORT FOR INTERIM OPEN-SPACE MITIGATION FEE
FY 2005/2006**

Brief Description of Fee

The Interim Open-Space Mitigation Fee was adopted as Ordinance 810 on March 13, 2001, and became effective sixty (60) days after the adoption. The Interim Open-Space Mitigation Fee was collected and used toward the acquisition of open-space and the preservation of wildlife and their habitats.

An amendment to Ordinance 810 was adopted by the Riverside County Board of Supervisors on November 26, 2002. The amendment added the categories of Multi-Family Residential and Surface Mining Projects and adjusted the fees. The effective date of these changes was January 24, 2003.

Collection of Fee

On June 23, 2004 the U.S. Fish and Wildlife Service issued the permit for the Western Riverside County Multiple-Species Habitat Conservation Plan (MSHCP). As of that date, Ordinance 810.2 went into effect and Ordinance 810.1 was superseded. Fees collected for Ordinance 810.2 are now the responsibility of the Regional Conservation Authority. The annual report for Ordinance 810.1 will be prepared by the County of Riverside until the funds are depleted. Ordinance 810.2 funds will not be reported by the county.

Amount of the Fee

Fees are no longer collected for Ordinance 810.1.

Detailed Procedures of the Duties and Responsibility of each County Staff Member Necessary to implement Ordinance 810.1

As stated above, fees are no longer collected for Ordinance 810.1. For remaining unspent Ordinance 810.1 funds, a Principal Management Analyst within the Executive Office is responsible for the overall policy of Ordinance 810.1. The County of Riverside Executive Office is responsible for the accounting and disbursement of fees collected. The analyst verifies the fund balance against the monthly financial reports and/or through electronic query reports available within the county's financial system. Administration and disbursement of the monthly financial reports are overseen by the County of Riverside Auditor-Controller Department.

An authorization to purchase land using the fund is generated through Board agenda submittal and approved by the County of Riverside Board of Supervisors. The analyst

coordinates with the requesting department to verify where and when payment should be made. Payment is made through the financial system by the Executive Office accounting staff. After review for appropriateness of payment, the accounts payable staff within the County of Riverside Auditor-Controller Department releases the check for payment.

TABLES AND SUPPORTING ATTACHMENTS
SUMMARIZING
DEVELOPER AGREEMENT FEES

**ANNUAL REPORT FOR DEVELOPER AGREEMENT FEES (DA)
FY 2005/2006**

Brief Description of Fee

In December 1987, the Board of Supervisors adopted procedures consistent with provisions of the California Government Code 65864 et al. for consideration of development agreements. As a legal contract between the County and a developer, a development agreement was intended to strengthen the public planning process, encourage private participation in comprehensive planning, reduce the economic costs of development, and promote the maximum efficient utilization of resources at the least economic cost to the public.

With the exception of the Public Services Offset, development agreement revenue is used to help the County construct capital facilities and acquire parkland, trails, habitat and open space to meet the demand caused by new growth and development. The Public Services Offset is intended to help defray the cost of providing governmental services, such as Sheriff's patrol services and litter control.

Amount of the Fee

Fees charged for calendar year 2006 were:

D.A. No.	Title	Total
7	Rancho Bella Vista	\$3,770
20A1	Menifee Village	\$4,574
28A1	Andreas Cove	\$6,976

Note: D.A. No. 20A1 expired on June 26, 2006 and is no longer in effect. D.A. No. 28A1 will expire on November 4, 2006.

Fees for 2007 will be increased in line with the Consumer Price Index, which for the month ending September, 2006, was 3.4%. Fees assessed for 2007 will be:

D.A. No.	Title	Total
7	Rancho Bella Vista	\$3,898

Detailed Procedures of the Duties and Responsibility of each County Staff Member Necessary to implement Developer Agreement Fees

The Developer Agreement fee is imposed for those developments which fall under the specified Developer Agreement. A Land Use Technician at TLMA will identify the need to impose the condition of approval by utilizing the Geographic Information System. The condition of approval is attached to the building permit in the Land Management System. This prevents a final inspection from occurring without the fees being collected. Prior to requesting a final inspection, the applicant must submit

payment to the TLMA cashier. The final inspection may occur once the fee has been collected from the permit applicant and any other applicable fees and conditions have been met. An Administrative Manager at TLMA is responsible for the overall assessment of the Developer Agreement fee. The position also periodically audits the fee collection and deposits to ensure that procedures are done correctly, and administers system maintenance to ensure the proper fees are assessed.

TLMA processes a deposit into the appropriate DA fund(s) after the fee has been paid. The record of deposit is sent to a Senior Management Analyst within the County of Riverside Executive Office. The County of Riverside Executive Office is responsible for the accounting and disbursement of fees collected. The analyst verifies deposits against the monthly financial reports or through electronic query reports now available within the county's financial system. Administration and disbursement of the official monthly reports are overseen by the County of Riverside Auditor-Controller Department. Deposits are verified to ensure the proper recording of cash receipts.

An authorization to disburse from the DA funds is generated through Board agenda submittal and approval by the County of Riverside Board of Supervisors. Once authorization has been received, the analyst coordinates with the requesting department to verify where and when payment should be made. Direction to make payment is given to the Executive Office accounting staff by the analyst per Board of Supervisors direction. Payment is made through the financial system by the Executive Office accounting staff. After review for appropriateness of payment, the accounts payable staff within the County of Riverside Auditor-Controller Department releases the check for payment.

MITIGATION FEES

**ANNUAL REPORT FOR THE ROAD AND BRIDGE BENEFIT
DISTRICTS (RBBB)
FY 2005/2006**

Brief Description of Fee

Section 66484 of the Government Code (Subdivision Map Act) provides that a local ordinance may require the payment of a fee as a condition of approval of a final map or as a condition of the issuing a building permit, for the purpose of defraying the actual or estimated cost of constructing bridges over waterways, railways, freeways, and canyons or constructing major thoroughfares. The "Rules and Regulations for the Administration of Road and Bridge Benefit Districts" as adopted by Resolution No. 85-92 on April 2, 1985 and subsequently amended, provides the required ordinance, and direction for the management of these Districts.

There are four (4) Road and Bridge Benefit Districts in Riverside County administered by the Transportation Department, and they are: Mira Loma, Southwest, Menifee Valley, and Scott Road. Each of the Districts is divided into zones each of which has a unique fee associated with it.

Amount of the Fee

Please see attachment for a fee schedule of the current fees in each District listed by zones.

Detailed Procedures of the Duties and Responsibilities Necessary to implement the Road and Bridge Benefit Districts

The Road and Bridge Benefit Fees may be imposed as a condition of approval of a tentative map or a land use application through the Planning Department. This condition of approval is dependent on the type of use, or map, and the area where the project site is located. Prior to the final map recordation, the RBBB fee may be paid or requested to be deferred to building permit issuance. Prior to building permit issuance, the Transportation Department identifies if a property is in an RBBB boundary by utilizing the Geographic Information System. A Land Use Technician at TLMA will identify the need to assess the fee by verifying conditions imposed and by utilizing the Geographic Information System. Prior to requesting a building permit issuance, the applicant must submit payment to the TLMA cashier for all outstanding RBBB fees. The building permit issuance may occur once the fee has been collected from the permit applicant, and any other applicable fees and conditions have been met.

An Administrative Manager and Staff Analyst II at the Transportation Department are responsible for the overall policy and implementation of the RBBB Districts. Transportation Staff also routinely review fee collection and deposits to ensure that

procedures are done correctly. Transportation staff administers system maintenance to ensure the proper fees are assessed.

The Transportation Department processes a deposit into the appropriate RBBB fund(s) after the fee has been paid. The record of deposit is sent to the Billings Unit in the Transportation Department, and is responsible for the accounting and disbursement of fees collected. The Billings Unit accounting staff verifies deposits against the monthly financial reports or through electronic query reports now available within the county's financial system. Administration and disbursement of the official monthly reports are overseen by the County of Riverside Auditor-Controller Department. Deposits are verified to ensure the proper recording of cash receipts.

Disbursement from the RBBB funds can only be used for those projects or facilities approved by resolution within each respective District. An authorization to disburse from the RBBB funds is generated through Board agenda submittal and approval by the County of Riverside Board of Supervisors. For projects constructed by the Transportation Department, funds are appropriated by the adoption of the Transportation Improvement Plan. Once authorization has been received, the Transportation Department Project Manager ensures all project RBBB agreement stipulations are followed and adhered to.

During the construction of a facility owned by a Developer, the Transportation Department Construction Inspection Division ensures that projects and/or facilities are built to County Road standards, and are in conformance with the RBBB agreement. Upon recordation of a Notice of Completion for the Project and acceptance by the Transportation Department, the final billing is verified by the Construction Inspection Division, and is based on the actual expenditures for reimbursement from the RBBB funds. Once approved by Construction Inspection, the final reconciliation process is completed. Thereafter, payment is processed through TLMA's accounting staff. Payment is made through the financial system, and after review for appropriateness of payment, the accounts payable staff within the County of Riverside Auditor-Controller Department releases the check for payment. Final payment is issued upon the Notice of Completion.

The Southwest Area Road and Bridge Benefit District was reestablished on August 28, 2001 and Amendment No. 1 was adopted on June 25, 2002.

Note 1:

An Engineering study contract of approximately \$1.3 million is being prepared for the Clinton Keith Road/Interstates 15 interchange. The study is expected to be completed in FY 2005/2006. The RBBB share of costs is \$9,759,960, which is split between zones A and C. The City of Murrieta will fund a portion of this project.

Note 2:

The Murrieta Hot Springs Road Interchange was completed by the City of Murrieta in FY 2001/2002. The County is reimbursing its share of the costs of this facility to the City on a quarterly basis, based on revenues generated from fees paid during each quarter.

Note 3:

Construction on HWY 79 (ZA20924) was completed in FY06 with an RBBB share cost of approximately \$2.8m. Improvements to close gaps on Highway 79 involved 3 other projects for an RBBB share of cost of approximately \$1.8m.

Note 4:

A planning study has been completed for Clinton Keith Road between Interstate 215 and Highway 79. Construction is expected to begin October 2007. Additional fund sources are being researched to cover construction costs.

Note 5:

The total projects cost to the district of \$294,840 for the Clinton Keith Rd Bridges is split 97.5% to Zone A and 2.5% to Zone C. The "Clinton Keith: Joaquin Ranch, DM Funds, and EVMWD" and the "Clinton Keith Road Bridge" projects have been collapsed and reported under "Clinton Keith Road Bridge."

There is no Interfund transfers or loans made from this fund.

There were no refunds or allocations made pursuant to subdivision (e or f) of Section 66001.

*The "Project Expenditures FY 2005/06" column includes expenses spread to the facility level for Administrative Management of the District.

**Revenues were incorrectly posted and adjusted to reflect actuals.

Note 1:
Newport Rd and Murrieta Rd have been partially constructed by development projects.

Note 2:
Road and Bridge Funds have been committed to pay for the interim improvement on the Newport Road Interchange at Interstate 215. Additional funding is needed to cover the ultimate expansion.

Note 3:
The Newport Rd(Menifee to SR79) project is under construction and is anticipated to be completed in FY 06/07.

There were no interfund transfers or loans made from this fund.

There were no refunds or allocations made pursuant to subdivision (e or f) of Section 66001

*The "Balance 7/1/04" column includes updated expenditures that were re-distributed to a few projects after the publishing of FY 03/04 reports.

Note 1:

The Cantu-Galleano Ranch Rd Interchange is under construction and will be completed in the summer of FY 07.

Note 2:

The County has entered into a project agreement with Stratham Homes for the construction of improvements on Schleisman Rd. The agreement is up to a maximum of \$1,112,399.67, and a total \$675,043.27 had been reimbursed to the developer as of the end of FY 2001/2002. The final billings requesting a total off \$128,653.71 was paid in FY 2002/2003. The total project cost \$803,696.98.

Note 3:

The County has entered into a project agreement with Trimark Pacific Homes for the construction of improvements on Archibald Avenue. The agreement provides for reimbursements of a maximum of \$2,209,527.50. Trimark has submitted the final bill and the project has been completed.

Note 4:

Project has been completed.

Note 5:

Projects will continue to be programmed for construction and will be funded by other sources. Projects will no longer be funded by the District. Revenues were evenly distributed to other projects within the zone based on balances.

Note 6:

Improvements to Limonite Ave (WO# A5-0267) in Zone D is budgeted for construction through FY 2005/2006 and includes a landscaped median.

Note 7:

The Project Study Report for the Limonite Interchange improvement has started and is expected to be completed by FY 06/07.

There were no interfund transfers or loans made from this fund.

There were no refunds or allocations made pursuant to subdivision (e or f) of Section 66001

COUNTY OF RIVERSIDE

ANNUAL FEE REPORT

for the

SIGNAL MITIGATION PROGRAM (Ord. 748)

AND THE DIF SIGNAL FEE COMPONENT

for the period July 1, 2005 to June 30, 2006

**TRANSPORTATION AND LAND MANAGEMENT AGENCY
TRANSPORTATION DEPARTMENT**

November 2006

INTRODUCTION

This annual report is submitted pursuant to the requirements in Subsection (d) of Section 8 of Traffic Signal Mitigation Ordinance No. 748 and its related Resolution No. 94-368. This report also provides reporting information for purposes of tracking the Traffic Signal Fee Component of the Development Impact Fee (DIF) adopted under Ordinance 659.

The purpose of this report includes the following:

- To provide a summary report of the activities of the Traffic Signal Mitigation Program including fee revenues, expenditures and balances, and project status for the previous fiscal year.
- To determine the annual fee adjustment factor (based on the annual average cost of construction cost index for the Los Angeles Metropolitan area) and the corresponding fee adjustments. The new fees are to be effective upon approval by the Board of Supervisors. The new fee schedule is to be used for two development projects approved under a Development Agreement (DA) which preclude the collection of DIF fees.
- To report programming of traffic signal projects in each Supervisorial District based on the available fund balance, and as shown in the FY '07-13 TIP.
- To provide a report of signals proposed to be programmed using Traffic Signal DIF funds.

The information is summarized in various tables as shown in this report.

This report covers project activities for the period of July 1, 2005, to June 30, 2006, to coincide with the DIF Report submittal time frame, and for ease of obtaining financial data. Financial data included in this report is for the 12-month period from July 1, 2005 to June 30, 2006.

SSA-3 Supervisor Signal Area +	\$ 1,313,391.06	\$ 193,192.00	\$ 52,203.93	\$ (433,977.43)	\$ 1,124,809.56
SSA-4 Supervisor Signal Area +	\$ 988,905.72	\$ -	\$ 36,505.89	\$ 6,504.63	\$ 1,031,916.24
SSA-5 Supervisor Signal Area +	\$ -	\$ -	\$ -	\$ -	\$ -
Totals:	\$ 4,396,042.26	\$ 208,433.00	\$ 154,477.21	\$ (986,607.83)	\$ 3,772,344.64
Total Signal Mitigation Balance: *					\$ 3,772,344.64

* The Transportation Department has successfully applied for other funds to supplement signal mitigation district funds for completing the current active signal projects. Other major sources of funds are STP, HES, other government agencies' share of joint signal projects, CMAQ, Measure A, and Gas Tax.

** See Tables A to D for programming of fund balance.

+ The Signal Mitigation Funds are tracked by Supervisorial District, but are not required to be spent in the District where they were collected. Over time, expenditures and revenues are expected to balance within each Supervisorial District.

SUMMARIZING
FIRE DEPARTMENT MITIGATION FEES**

**ANNUAL REPORT FOR FIRE MITIGATION FEES
FY 2005/2006**

Brief Description of Fee

In 1983, the Board of Supervisors authorized the collection of a mitigation fee for fire protection purposes, including fire station facility construction, land and fire equipment acquisition. Fire mitigation fees are no longer collected and have been superseded with the passage of Ordinance 659.6, development impact fees.

Amount of the Fee

Fees are no longer collected under this program and are now collected through Ordinance 659.6.

Detailed Procedures of the Duties and Responsibility of each County Staff Member Necessary to implement Fire Mitigation Fees

As stated above, fees are no longer collected for fire mitigation. For remaining unspent fire mitigation fees, Fire Department staff is responsible for the accounting and disbursement of remaining funds. The analyst verifies the fund balance against the monthly financial reports and/or through electronic query reports available within the county's financial system. Administration and disbursement of the monthly financial reports are overseen by the County of Riverside Auditor-Controller Department.

Remaining funds are planned for specific fire stations as outlined within the annual report. Fire Department staff coordinates payment made through the financial system. After review for appropriateness of payment, the accounts payable staff within the County of Riverside Auditor-Controller Department releases the check for payment.

RIVERSIDE COUNTY FIRE DEPARTMENT FY 05-06
MITIGATION TRUST FUND
