BACKGROUND:

The Weil Institute of Critical Care Medicine has set a goal of providing CPR training to 10% of the adult population in the Coachella Valley and deploying up to 50 Automated External Defibrillators (AED) over a three year period to enhance the save rate for cardiac arrest victims by 25% in the Coachella Valley.

The Weil Institute has partnered with the Desert Healthcare District, local fire departments, the City of Rancho Mirage and the City of Indian Wells to locate AEDs in public places.

In addition, the Weil Institute will recruit and train ten percent of the population in CPR utilizing the new American Heart Association's self instruction CPR training kit.

We would like to use Fourth District Community Improvement funds to assist this organization fulfill their goal.
