BACKGROUND:

Odyssey of the Mind is an educational organization that provides creative problem solving opportunities for students from kindergarten through college.

The Palm Desert team is the only team representing California, and one of only six teams from the United States that have been accepted to attend the European Festival for Odyssey of the Mind this year.

The students meet several hours a week for their competition, participate in fundraisers in the community, and continue to be active outside of school by volunteering for charitable causes and community events.

We would like to use Fourth District Community Improvement funds to assist this group of creative, hard working students in reaching their goal of attending this year's Euro Fest in April.
