SUBMITTAL DATE:

SUBJECT: Memorandum of Understanding for the Funding and Preparation of Phase II of the Freeway Strategic Study for the Western Riverside County Area

RECOMMENDED MOTION: That the Board approve the Memorandum of Understanding for the Funding and Preparation of Phase II of the Freeway Strategic Study for the Western Riverside County Area.

BACKGROUND: On April 12, 2005, the County entered into a Cooperative Agreement with the City of Temecula to Mitigate Traffic Impacts in Western Riverside County in settlement of the City's challenge to the County's adoption, on October 7, 2003, of the new County General Plan. Pursuant to the terms of the Cooperative Agreement, the County and City agreed to jointly fund Phase I of the Freeway Strategic Study for Western Riverside County. The Riverside County Transportation Commission (RCTC) agreed to perform the services for the Study.

The RCTC completed the Phase I work and presented their findings and recommendations at its July 12, 2006, meeting. The recommendations provided RCTC staff direction to develop a scope of services and cost for the development of the Phase II work for the Western County Freeway Strategic Study. The RCTC also requested funding participation from the County and City of Temecula on a 1/3 share basis to fund the Phase II effort.
