construction of 5 separate projects in the Coachella Valley, which have been combined in one bid document in an attempt to secure more bids and greater economy of scale than would be expected by bidding each smaller project, and to reduce administrative costs and time.

Two of the individual projects that are the subject of this submission have previously been advertised for public bids. By Minute Order dated January 26, 2006 (Agenda Item no. 3.32), the Board rejected the one bid received for the construction of signal modifications, roadway widening and the installation of left turn lanes at the intersection of Dillon Road and Mountain View Road, and the construction of roadway widening and the installation of left turn lanes at the intersection of Dillon Road and Little Morongo Road. For that smaller-scope bid solicitation, only one bid was received in the amount of \$995,559.00, which was \$690,530.00 (226.4%) more than the Engineer's Estimate. We anticipate more bids and more competitive bids with the addition of three additional small projects in the Coachella Valley.

The five projects included in the submitted bid package are as follows:

1. **Old Morongo Road**, Painted Hills Road to 0.4 Mile Northerly, Desert Hot Springs area
The work consists of paving the road, which is currently unimproved, primarily for dust control purposes under the PM10 program.
2. **53rd Avenue**, Calhoun Street to Van Buren Street, Coachella area
The work consists of paving the road, which is currently unimproved, primarily for dust control purposes under the PM10 program.
3. **54th Avenue**, Pierce Street to the All American Canal, Coachella area
The work consists of paving the road, which is currently unimproved, primarily for dust control purposes under the PM10 program.
4. **Dillon Road and Mountain View Road**, Desert Hot Springs area
The work at the intersection of Dillon Road and Mountain View Road includes traffic signal modifications, roadway widening, and the installation of turn lanes on Mountain View Road. The improvements will provide left-turn arrow indications for northbound and southbound traffic on Mountain View Road, resulting in improved intersection safety.

The Honorable Board of Supervisors

Page 3 of 3

5. Dillon Road and Little Morongo Road, Desert Hot Springs area

The work at the intersection of Dillon Road and Little Morongo Road includes roadway widening and the addition of left-turn lanes on Dillon Road for improved intersection capacity and safety.

The submitted plans and specifications have been approved as to form by County Counsel. Environmental clearance is complete for each project.
