BACKGROUND:

Since 1998, the United San Diego Regional Youth Department has organized a Regional Youth Leadership Conference attended by over 500 teens. The purpose of the conference is to help deter negative influences and behaviors in teens by providing leadership training, responsible living information and education incentives.

Teens that live in the Palo Verde Valley and Coachella Valley will benefit from attending this annual event that teaches positive life learning skills, job seeking and job retention skills , single parenting, single and marriage responsibility training, health education and how to enhance your community.

We would like to use Fourth District Community Improvement funds to assist this organization in their efforts to have as many teenagers attend this conference.
