of the improvements that are within the City, was approved by the Board of Supervisors on November 29, 2006 (Agenda Item no. 3.35).

The work adjusting City of Riverside manholes to grade was added to the bid package as an alternate bid item by addendum. However, the City of Riverside has chosen to adjust manholes to grade with their own forces, and has requested the County not to award the alternate bid item that was added to the bid schedule on their behalf.

Bids for the project were opened in the office of the Director of Transportation at 2:00 PM, Wednesday, April 25, 2007. Five bids were received. The lowest and best bid was submitted by R.J. Noble Company in the amount of \$1,988,670.75 for the base bid items of work. The bid is \$582,085.75 (22.64%) less than the Engineer's Estimate for the base bid items of work.

The total project costs for the Van Buren Boulevard improvements are within the established project budget, as shown on Attachment "A".

The predominant fund source for Washington Street is being changed to Measure A funds in order to conserve Gas Tax funds for operations activities or other projects.

The Contractor has executed the contract and has provided bonds and insurance certificate documents which meet the requirements of the contract. The contractor is qualified.

Project nos. B5-0638 and B6-0445.
