and billings received for improvements at the intersection of Dillon Road and Mountain View Road.

BACKGROUND: By Minute Order dated April 3, 2007 (agenda item 3.45) the Board authorized the Clerk of the Board to advertise for the construction of the subject improvements in the Desert Hot Springs and Coachella areas of Riverside County.

The five projects included in the submitted bid package are as follows:

1. **Old Morongo Road**, Painted Hills Road to 0.4 Mile Northerly, Desert Hot Springs area
The work consists of paving the road, which is currently unimproved, primarily for dust control purposes under the PM10 program.
2. **53rd Avenue**, Calhoun Street to Van Buren Street, Coachella area
The work consists of paving the road, which is currently unimproved, primarily for dust control purposes under the PM10 program.
3. **54th Avenue**, Pierce Street to the All American Canal, Coachella area
The work consists of paving the road, which is currently unimproved, primarily for dust control purposes under the PM10 program.
4. **Dillon Road and Mountain View Road**, Desert Hot Springs area
The work at the intersection of Dillon Road and Mountain View Road includes traffic signal modifications, roadway widening, and the installation of turn lanes on Mountain View Road. The improvements will provide left-turn arrow indications for northbound and southbound traffic on Mountain View Road, resulting in improved intersection safety.
5. **Dillon Road and Little Morongo Road**, Desert Hot Springs area
The work at the intersection of Dillon Road and Little Morongo Road includes roadway widening and the addition of left-turn lanes on Dillon Road for improved intersection capacity and safety.

Bids for the project were opened in the office of the Director of Transportation at 2:00 PM, Wednesday, May 2, 2007. Two bids were received. The lowest and best bid was submitted by Skanska USA Civil West California District Inc. in the amount of \$1,007,764. The bid is \$367,696 (26.73%) less than the Engineer's Estimate. The contractor is qualified.

An alternate bid schedule was included in the bid documents, which provided for the relocation of conflicting Coachella Valley Water District irrigation facilities. The water district has chosen to do the relocation work with their own forces, and that work is therefore not included in the County's construction contract.

By Board action dated October 4, 2005 (Agenda Item no. 3.24) the County previously advertised for bids for the two projects on Dillon Road (Dillon Road and Mountain View Road,

Dillon Road and Little Morongo Road). In response to that bid invitation, only one bid was received in the amount of \$995,559.00. That bid was \$690,530.00 (226.4%) more than the Engineer's Estimate. The Transportation Department recommended to the Board that the bid be rejected. Those two projects were then added to the current combined project in an effort to obtain more favorable bids. That effort was successful, since the current bids received by Skanska USA Civil West California District Inc. for the two projects on Dillon Road (Schedules 3 and 4) total \$408,299.75, which is 31,826.25 (7%) less than the revised engineer's estimate for those two schedules of work. Re-bidding those two projects have resulted in a savings to the County of \$587,259.25.

The Contractor has executed the contract and has provided bonds and insurance certificate documents which meet the requirements of the contract.
