From: Community Health Agency/Department of Public Health

Subject: Ratify acceptance of the new award for fiscal year 2007-2008 from the California Department Health Service for Tuberculosis Local Assistance Funding

BACKGROUND: (Continued).

Tuberculosis (TB) continues to be a significant public health problem in California. The California Department of Public Health has awarded local assistance funds to health departments to support TB control activities, which include Public Health Nursing (PHN) case management, and treatment via directly observed therapy. In addition, funds are allocated for food, shelter, incentives, and enablers (FSIE). Enablers include items such as bus tickets and gas vouchers.

The \$334,191 funding has been included in the Fiscal 2007/2008 budget; award letter dated July 27, 2007 does include any changes to the original amount.

This amendment has been approved as to form by County Counsel.
