SUBJECT: Ben Clark Training Center Fire Drill Grounds – Approve Plans and Specifications

RECOMMENDED MOTION: That the Board of Supervisors:

1. Approve the plans and specifications for grading at the Ben Clark Training Center Fire Drill Grounds and authorize the Clerk of the Board to advertise for bids; and
2. Delegate project management authority for this project to the Director of Facilities Management in accordance with Board Policy B-11.

BACKGROUND: The Riverside County Fire Department is one of many partners at the multi-agency Ben Clark Training Center. The department is currently expanding to provide service to the citizens of Riverside County. This expansion requires training new and current members of the department and to develop a comprehensive training division under one roof.

Department of Facilities Management
Ben Clark Training Center Fire Drill Grounds – Approve Plans and Specifications
September 19, 2007
Page 2

BACKGROUND: (Continued)

Facilities Management has identified a small portion of the Ben Clark Training Center for the Training Drill Grounds. 10 acres will be developed to create a facility to train and drill current and future firefighters for the Riverside County Fire Department. This facility will house all training equipment, apparatus, and be equipped with the latest hose and drill tower.

The bid documents are now complete and Facilities Management requests approval to solicit bids for construction of this project. The bid documents have been reviewed and approved by County Counsel as to legal form.
