ATTACHMENTS FILED WITH THE CLERK OF THE BOARD

BACKGROUND: (Continued)

On November 28, 2006, the Board of Supervisors approved the professional services agreement with GRD to provide construction management services because GRD specializes in the installation of highly specialized communications sites. Amendment No. 1 will increase GRD's compensation by \$30,000 for a new not to exceed total of \$130,000.

During the course of construction, GRD had been asked by Facilities Management to provide services beyond the scope of the original agreement. They had to provide specialized inspection services; and reviewed deputy inspection reports. Without their assistance, the construction activities may have been delayed. County Counsel has approved the amendment as to legal form.

There are funds available within the project budget to absorb this cost and no additional General Fund allocation is necessary.
