The Honorable Board of Supervisors

RE: Reconstruction of Four Segments of Rancho California Road, Sycamore Mesa Road to the Temecula City Limit, Temecula area

October 5, 2007

Page 2 of 2

The pavement on Rancho California Road between Sycamore Mesa Road and Temecula City limits has become deteriorated and is in need of improvement. A Federally funded project was recently completed which repaired storm damaged portions of Rancho California Road, including some areas between Sycamore Mesa Road and Temecula City limits. The Notice of Completion for that project was accepted by Board action of June 5, 2007, agenda item no. 3.66.

This project is to improve the remaining four segments of Rancho California Road between Sycamore Mesa Road and Temecula City limits not included in the storm damage project. The Federal Highway Administration determined that these repairs are not eligible for Federal storm damage reimbursement. The Transportation Department recommends these additional pavement repairs to improve the pavement conditions on Rancho California Road.

The Contractor has executed the contract and has provided bonds and insurance certificate documents which meet the requirements of the contract.

Project no. B7-0762.
