at Benton Road. Clinton Keith Road currently exists as a paved 4-lane road from Antelope Road to Meadowlark Lane, and as a dirt road east of Meadowlark Lane to Los Alamos Road. Clinton Keith Road will be on a new alignment east of Los Alamos Road to SR-79. This project will provide the ultimate six-lane backbone network facility for approximately 3.4 miles of improvements to the existing alignment and the extension of the new alignment.

The environmental document is complete. The Plans, Specifications and Estimate (PS&E) are nearing completion, right of way acquisitions are underway, and the construction is anticipated to begin in early 2009.

By this Agreement, WRCOG intends to distribute Southwest Zone TUMF Funds to the County in the amount of \$17,000,000 for reimbursement of eligible project expenses. This agreement covers the Right of Way and Construction phases of the Project.
