This advertisement package also includes Alternate Bids for the resurfacing of Sun City Boulevard from McCall Boulevard to Rouse Road and also for the resurfacing of Bradley Road from McCall Boulevard to Rouse Road. The resurfacing of one or both of these streets may be added to the construction contract if the proposal costs received are favorable and funding is available.

The FY 07/08 TIP provides for a combination of Proposition 42 and Proposition 1B funds for the construction of this group of Sun City streets. Due to delayed State approval of Proposition 1B funds and required expenditure of Proposition 42 funds prior to its expiration deadline, the expenditure of Proposition 42 money, in a timely manner, is not possible.

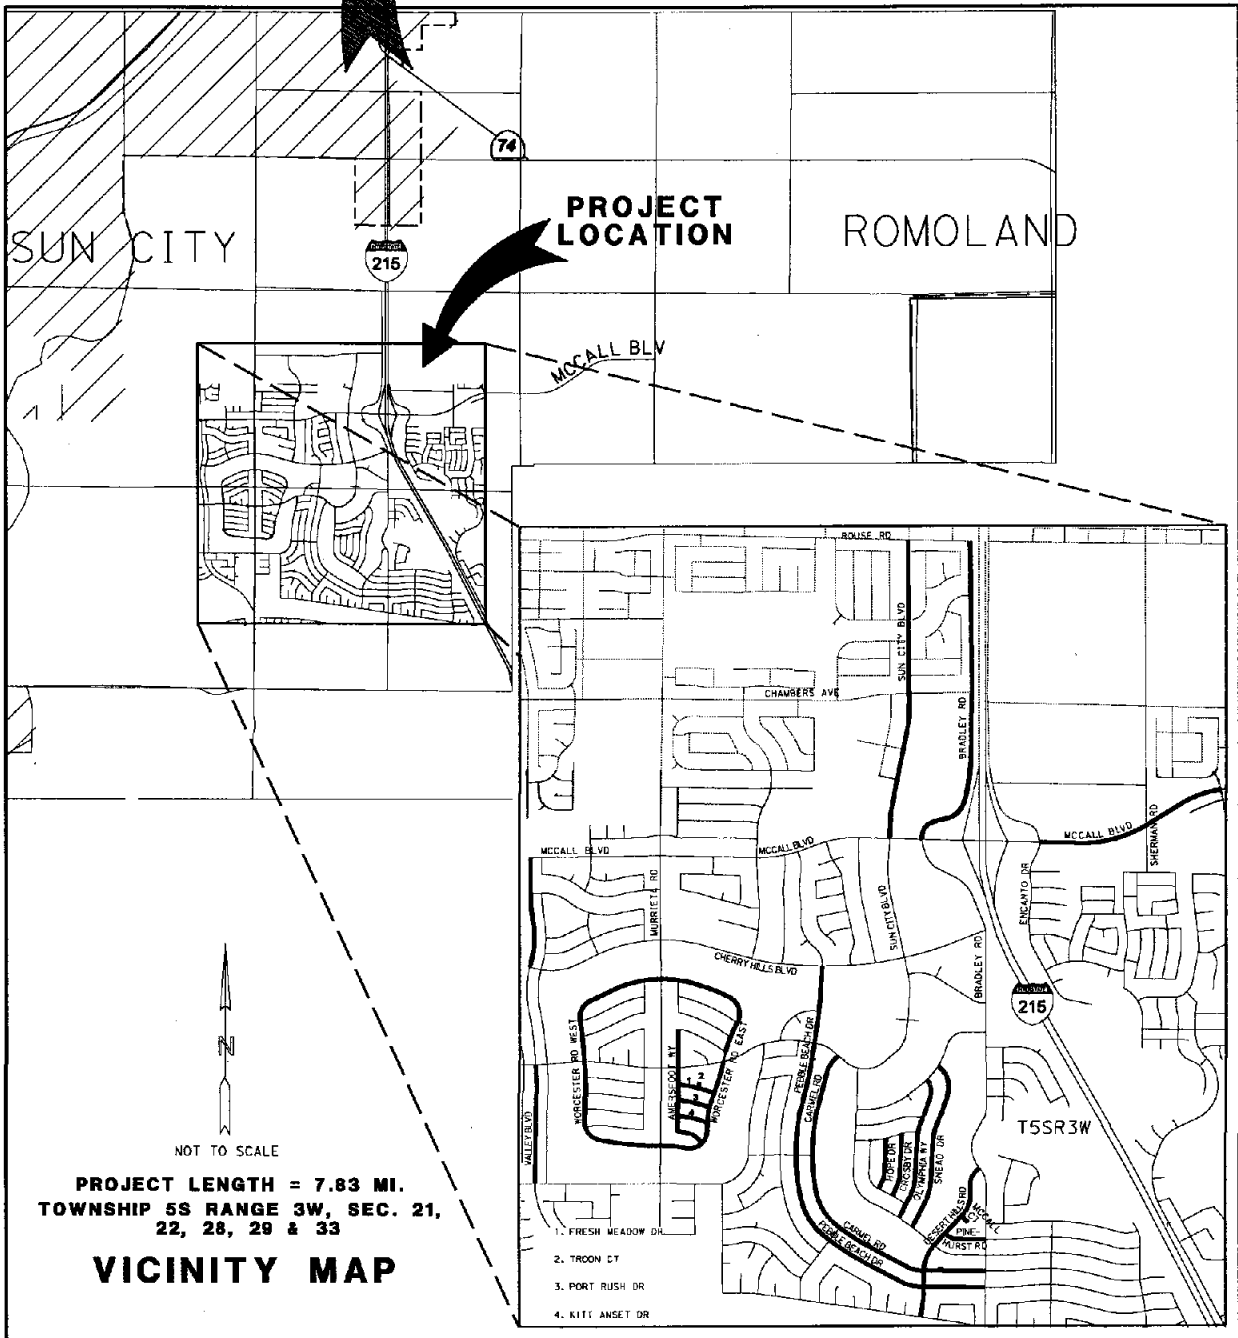

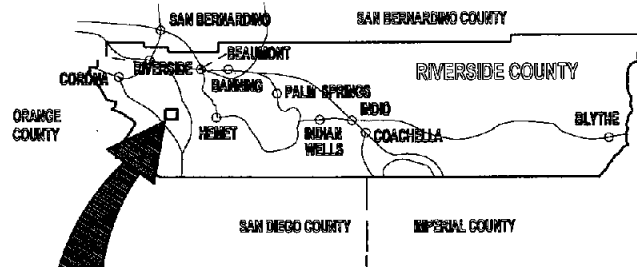

To avoid loss of Proposition 42 funds, these funds were reprogrammed to other projects. Proposition 1B guidelines require Board approval of any project which may expend those funds prior to commencing the activity.

The submitted plans and specifications have been approved as to form by County Counsel.

Environmental clearance is complete.
