COUNTY OF RIVERSIDE, STATE OF CALIFORNIA**

FROM: Riverside County Regional Medical Center

SUBMITTAL DATE:
March 10, 2008

SUBJECT: Tenth Year Anniversary for Riverside County Regional Medical Center's New & Updated Facility

RECOMMENDED MOTION: That the Board of Supervisors joins in recognizing Riverside County Regional Medical Center on the Tenth Year Anniversary Celebration at their new and updated medical facility, to be held on March 31, 2008.

BACKGROUND: In 1998, Riverside County Regional Medial Center (RCRMC) proudly opened the doors to their newly constructed, state of the art medical center located at 26520 Cactus Avenue in Moreno Valley. On March 31, 2008, RCRMC will celebrate its tenth year anniversary at this new facility.

Additionally, this year also represents 115 years of Riverside County hospital services. In 1893, one of the first actions of the newly created County of Riverside was for the Board of Supervisors to approve and establish a county hospital. Riverside General Hospital opened its doors that same year. Over the past 115 years, this hospital (now named RCRMC) has provided quality health care services and continued to grow and develop services and programs for an ever-increasing county population. On March 31, 2008, the Hospital will begin recognizing 115 years of service through public education and community outreach.
