BACKGROUND:

The Agreements are necessary to provide for District construction inspection of the subject storm drain facilities associated with "LATERAL 6A and 4, LATERALS 20C and 20CA, LINE 8 and LATERAL 8A". Upon completion of construction, the District will assume ownership, operation and maintenance of the main line storm drain facilities. County Counsel has approved the Agreements as to legal form and the City has executed the Agreements.

The City of Palm Springs is funding all construction and their construction inspection costs. Future operation and maintenance costs will accrue to the District.
