

**SUBMITTAL TO THE BOARD OF SUPERVISORS
COUNTY OF RIVERSIDE, STATE OF CALIFORNIA**

FROM: Supervisor Roy Wilson

SUBMITTAL DATE:
June 3, 2008

SUBJECT: Approval of a License and Indemnity Agreement between the County and the City of La Quinta for improvements on Fred Waring Drive

RECOMMENDED MOTION: That the Board of Supervisors join me in approving the License Agreement and authorize the chairman to execute all documents.

BACKGROUND: Our Transportation Department has been diligently working with the City of La Quinta for several years to stripe Fred Waring Drive to four lanes between Adams Street and Port Maria Road. The north half of Fred Waring is in the County and the south half in the City. This improvement is needed to facilitate traffic flow. This would be an interim improvement until such time as the two agencies, working in cooperation with CVAG as a funding partner, can widen the road to the ultimate six lane section. The County has submitted a request to CVAG to initiate funding for the six lane project.

The City of La Quinta has requested that the County enter into a license and indemnity agreement before the City agrees to allow encroachment into its half of the road for the County to stripe the four lane project. The attached agreement sets the terms and conditions under which the City and County will cooperate on both the four lane and six lane project.
