**BACKGROUND:** (Continued)

The project will make Mariposa at Barton Road the primary entrance/exit into the facility. Barton Road intersects Van Buren Boulevard and has a traffic signal at the intersection; this will provide a safer route to and from the facility.

The bid documents are now complete and Facilities Management requests approval to solicit bids for construction of this project. The bid documents have been approved by County Counsel as to legal form.

All costs associated with this project will be funded with Capital Improvement Program Funds. Facilities Management will return to the Board under separate cover to approve the project budget and execute any related project agreements.
