BACKGROUND (Continued):

Modern Diagnostics is the only area contractor identified to provide services 24 hours, 7 days a week and this amendment is to extend the period of performance while the hospital researches the market again for possible alternatives.

PRICE REASONABLENESS:

An RFP was conducted and Modern Diagnostics was one of two responses received. Of the two, only the Modern Diagnostic proposal was determined to be responsive and responsible. Through reference checks it was determined that the prices offered were equal to other comparable customers and Modern Diagnostic is offering the same price as in the original quote for these services.
