The Honorable Board of Supervisors

RE: Amendment No. 2 to the On-Call Land Surveying Services Agreement with the firm of  
Inland Aerial Surveys, Inc.

June 13, 2008

Page 2 of 2

**BACKGROUND:** The Transportation Department needs additional aerial mapping/photogrammetric support services to assist in the delivery of the necessary road improvement projects identified and funded in the Transportation Improvement Program (TIP). In addition to the currently identified and funded projects in the TIP, new projects continue to surface. The growth occurring in Riverside County continues to strain our road system and safety, and additional capacity improvements must be provided.

The objective is to maintain the same level of quality in surveying services that County staff provides in the most cost effective manner possible.

The additional required funding for these services will come from the respective related project funds and development fees. All associated funds have been incorporated in the FY 08/09 Budget and are fully reimbursable by the related projects. There is no Net County Cost associated with these services.

County Counsel has approved Amendment No. 2 as to legal form.
