BACKGROUND: (Continued)

California law requires that the County Treasurer periodically publish a listing of unclaimed money (amounts over \$15), which have resided in the County Treasury for more than three years before they become the property of the County. As set forth in Sections 50050 et. Seq., of the California Government Code, the undersigned hereby states that the required newspaper publication was made and that appropriate opportunity was given for parties of interest to file claims prior to the filing deadline of November 27, 2007. In the process, the Treasurer-Tax Collector's Office has incurred costs of \$53,480. Detail on the costs has been provided to the County Executive Office.
