**SUBMITTAL TO THE BOARD OF SUPERVISORS
 COUNTY OF RIVERSIDE, STATE OF CALIFORNIA**

FROM: Department of Facilities Management and Riverside County Information Technology

SUBMITTAL DATE:
 June 12, 2008

SUBJECT: 3 Public Safety Radio Sites – Generator Replacement

RECOMMENDED MOTION: That the Board of Supervisors approve the specifications for the 3 Public Safety Radio Sites generator replacements and authorize the Clerk of the Board to advertise for bids.

BACKGROUND: The Indio Hills and Edom Hills radio site generators are undersized and need to be replaced for these facilities to function at their capacity. The specifications for the replacement of the generators are now complete and Facilities Management requests approval to go out for bids on this project. Facilities Management will return to the Board with a Form 11 for approval of the award of the construction contract to the lowest responsive and responsible bidder.

Department of Facilities Management and Riverside County Information Technology
3 Public Safety Radio Sites
June 12, 2008
Page 2

BACKGROUND: (Continued)

On July 11, 2006, the Board of Supervisors approved the construction agreement between Radian Communication Services, Inc. and the County of Riverside in the amount of \$3,351,961 for the construction of a public safety radio facility at three different sites: Edom Hill, Indio Hill, and Pine Cove. The contract work was inspected and found to comply with all contract requirements. In addition to the work performed by Radian Communication Services, generators at the Edom Hill and Indio Hill radio sites are to be replaced in order for these facilities to function at full capacity.

The bid documents are now complete and Facilities Management requests approval to solicit bids for construction of this project. The bid documents have been approved by County Counsel as to legal form.

Any necessary budget adjustments will be brought forward under separate cover to the Board.
