The Honorable Board of Supervisors

RE: Reimbursement Agreement with the Western Riverside County Regional Wastewater Authority For The Construction of Sewer Facilities, as part of the County's Project to Construct the River Road Bridge over the Santa Ana River, Norco Area.

July 7, 2008

Page 2 of 2

a 30 inch diameter pressurized sewer pipeline that is in conflict with a portion of the County's project improvements. The Wastewater Authority intends to relocate that pipeline into the new bridge structure, and has requested the County to include the work in its construction contract.

The bid documents have been prepared to include an alternate bid schedule for the construction of the Wastewater Authority facilities. If the Wastewater Authority approves the award of the alternate bid schedule as bid by the apparent low bidder, all costs for the Wastewater Authority's facilities will be borne by the Wastewater Authority.

The Western Riverside County Regional Wastewater Authority has executed the submitted agreement, which has been reviewed and approved by County Counsel.
